* Blood, kidney and liver functionality tests are required

Package form

You can purchase treatments in package form. For more information and prices inquire at the spa reception.

Useful information

The first step to making spa appointments is to consult with our staff to help you choose the most suitable treatment.

Our doctor tutor is at your disposal for consultations regarding your health in relation to treatments and to their personalisation. Please inform us of any serious disease or pregnancy.

Please arrive at least 15 minutes prior to your scheduled appointment: late arrival will limit the time for your treatment which will still end at the designated time.

We suggest you attend your appointment in your bathrobe. The necessary items will be at your disposal in the treatment room before your treatment begins.

Please avoid sun exposure and shaving immediately before and after any treatments.

We suggest you take a shower before treatments and to remove contact lenses before any face treatment.

For a perfect spa experience we suggest you inform your therapist of any possible problem which could interfere with the ideal execution of the treatment to reach its main purpose.

Please do not bring any valuables to the spa.

We strongly recommend you book the treatments when confirming your room or upon arrival at the hotel, ext. 433/405 or directly at spa reception.

We require that all guests using the spa give a 24-hour cancellation notice. If less than 24 hours are given, the service may be charged.

Gift vouchers: all our treatments can be bought as gift vouchers to be given directly to the recipient or sent by post.
